III. Discussion Items

1. Course Outline of Record (COR) and Large Quota designation

Dr. Nick will be discussing this at the next instructional council meeting. This affects courses that are offered at or above double the current class size. Departments will discuss which courses can be offered as large quota and designate them as such on the COR and submit through the normal curriculum approval process in CurricUNET. The option should be available in CurricUNET by April 21st for departments to submit requested large quota designation for approval at the May 5th meeting.

IV. Information Items

Michael sent out the Academic Senate for California Community Colleges resolution packet.

Most of the resolutions are curriculum related

- Open Educational Resources and Z degree pathways require zero textbook cost.
- AAT issues – Music is an example – creating two TOP codes for those transferring and those not. CSUs do not like the current ADT, guaranteed access to a program that must be auditioned for is problematic.
- Academic Senate is pushing to transcribe low unit certificates (less than 12 units)

Regarding Credit by Exam –

Frank reminded the department chairs that in addition to the list of courses to be offered credit by exam they should provide the list of potential instructors.

V. Other Items

VI. Next Regular Meeting: April 21, 2016, 12:50pm in the Board Room

VII. The meeting adjourned at 1:15 p.m.

In accordance with the Ralph M. Brown Act and SB 751, minutes of the IVC Curriculum Committee record the votes of all committee members as follows: (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.

15.17 Large Quota Classes

Upon the approval of the Vice President for Academic Services, certain courses may be designated as large quota classes, and the course enrollment limits during the computer pre-registration period shall reflect such large quota designation.

Divisions and departments will determine which, if any, courses within their curriculum are appropriate for potential large quota enrollment based upon academic, practical, and/or legal considerations. They will indicate the appropriateness of a given course for large quota enrollment on the official course outline of record. The approval of this change to the official course outline of record must follow the established practices and procedures of the Curriculum Committee. **The Vice President for Academic Services, along with the appropriate Department Chairpersons and Deans, shall be responsible for ensuring that the individual classes designated in any given semester for large quota enrollment are those that have been approved as such on the official course outline of record.**

Instructors who agree to teach a large quota class will be entitled to extra financial compensation based upon the following formula:

Quota to 25% over quota	No additional compensation
26% to 50% over quota	Additional compensation equal to one-third of overload pay for the course
51% to 75 % over quota	Additional compensation equal to two-thirds of overload pay for the course
76% to 100% over quota	Additional compensation equal to full overload pay for the course

Under no circumstances will an instructor be allowed to enroll a class at greater than 100% over, or double quota.

The compensation formula will be based upon the verified total enrollment in the course as per the official census count. Any instructor who is found to have intentionally inflated the census count by not eliminating non-attending students will receive no additional compensation.

On or after the first day of the semester, if sufficient student need exists, the Vice President for Academic Services in consultation with the appropriate deans or department chairs and affected unit members, may designate additional courses as large quota classes, and instructors may then initiate over-quota adds to achieve additional compensation.

Under no circumstances will an instructor add students to a course if there is insufficient physical space to accommodate the students, the increased enrollment exceeds the
