

Wayfinding Online: Navigating the Virtual Landscape Together

Zoom Session Schedule

8.31.20 - 9.4.20

Dear 3CSN Wayfinding Community,

Many of you have shared over the past few weeks that your anxiety is building as the day nears for our "return" to the classroom, virtually. Remember that in addition to looking to us to provide a sense of safety and hope, our students are overwhelmingly ready and willing to join us as partners as we all continue to learn what high expectation with high support looks like in a digital world.

To best support you as you put your plans into practice, we've added extra **virtual Canvas and Zoom-focused "thought partner" hours**-- 3CSN's approach to office hours that offer you an opportunity to drop in and think through ideas or issues in community with a 3CSN coordinator and other educators across the state.

We are also bringing back **Zoom 102: Recording and Reports** for those of you who may want to learn or brush up on ways to take attendance and analyze patterns for follow-up as well as make sure you're up to speed on Zoom recording and **Canvas 102: Rubrics** to help as you put the finishing touches on your assessment tools. To support peer educators, we are offering **Group Lesson Planning for Tutors**.

Register for these sessions and see our other offerings below or [on our website](#).
