Other Local VIII. Closing	Becky asked for future training ideas. Lori suggested assessment. Theresa felt that may be difficult for parents to do since children may not be there long. Becky said she has had classes on assessment and would be doing one on the ASQ but she also felt it would be difficult for foster parents to complete to the length of time the child may be in care.  Becky gave out the conference information.  Becky reiterated how important that each agency works together and Charlee homes asked if Becky could do trainings at their site if needed and she said she would if she had enough notice.
