Bachelor of Applied Science: INDUSTRIAL TECHNOLOGY MANAGEMENT

2020-2021 Undergraduate Catalog (120 Units)

4-YEAR PLAN

The B.A.S. degree is for students who hold a qualifying Associate's degree. The courses provide students with a general knowledge of management, supervision, organizational operations, logistics, and communication skills. Graduates of this program may qualify for career advancement and are provided knowledge of business skills that can be applied to operating their own business.

To earn the BAS in Industrial Technology you must complete requirements in the following 4 blocks

1. LIBERAL STUDIES 35 Credits

Associate's Degree Transfer Block

It is beneficial for the student to complete the Intersegmental General Education Transfer Curriculum (IGETC) that fulfills all liberal studies courses. If these requirements are not met at the community college, they must be met within the 56 units of the B.A.S. degree at NAU. These requirements would include the following:

2. SPECIALIZATION PREREQUISITES 6 Credits

COURSE NUMBER	COURSE TITLE	CREDITS
BBA 290	Managerial Accounting and Financial Analysis	3
BBA 291	Economic Analysis and Business Law	3
