

Alliant International University is excited to announce new enhancements to our bachelor programs beginning Fall 2017!

- **We now accept Associate Degrees for Transfer (ADT).** A California Community College student who has earned an ADT in Business Administration, Child Development, Criminal Justice Systems, Political Science, or Psychology will be granted priority admission to Alliant into a similar bachelor degree program with a guarantee of junior standing if the student meets all Alliant admission requirements.
- **We have lowered our tuition significantly.** We understand financing a college education can be difficult, and we have decreased our per unit cost to accommodate more students seeking an education focused on professional practice.
- **We have new scholarships.** Alliant has dedicated scholarship funds for students who qualify, in support of our mission and commitment to assist our diverse student body, as well as a variety of students access to a college education. Additionally, Alliant maintains its commitment to our active military personnel and veterans by offering the Yellow Ribbon Program to those that qualify.
- **We have added Fast-Track Master's Degrees.** The quickest route to a master's degree, the Fast-Track option, lets students spend the last semester of their undergraduate year taking bridge classes. These graduate-level courses count toward both the completion of their bachelor's degree and a master's degree.

To learn more about studying at Alliant or to apply for our **Fall 2017 priority admissions deadline of June 1, 2017**, please contact our Admissions Department at 858-635-4698 or admissions@alliant.edu.
